

Food GLORIOUS Food!

This half-term we will be working on our topic called 'Food, Glorious Food'! We will be looking at different food groups, trying different foods and creating our own menus. The children will get the opportunity to work in our class café or shop, serving delicious food (role-play) and working out the cost and how to pay for it.

English

We will be looking at various stories around the theme of food including 'The Little Red Hen' and writing our own stories. We will be writing instructions to add to a recipe and creating fantastic looking menus. We will be looking at how text is used to help sell different foods and then developing our vocabulary to create super poems.

Computing

We will use ICT to present some of our work in exciting ways including menus and possibly invitations! Keep your eyes peeled!!

R.E.

We will be looking at religious places of worship and what they represent within that religion.

The Arts

We are going to be researching and looking at different logos within the food industry and perhaps create our own. We will be creating our own food mosaic art inspired by Jason Mecer.

Science

This half-term we will look at the structure of plants and what parts of a plant we can eat. We will look at materials and how they are used to package different foods.

History/Geography

We are going to look at where different foods come from and why they are best grown in certain areas. We will also talk about how our food gets to our plates. We will be looking at different foods from different countries.

Maths

Through our topic, we are going to be working on weighing and measuring different ingredients within a recipe. We will be looking at money and practising how we can make different amounts to pay for food at a café or a shop. We will also be looking at shape and how foods and their packaging can be very different.
