

# MOON ZOOM!!

This half-term we will be working on our topic called '***Moon Zoom!***'

The children are going to take the role of investigators into a crash that has occurred on the school site.

We will also be having an introduction to space through our visiting planetarium.

## English

We will be writing reports of what has happened for our local newspaper.

We will be creating questions to ask witnesses and lists of how to support others with their writing.

We will also be writing labels, captions and poems all about what we have seen and heard!

## Computing

We will be looking at programming beebots for direction and position.

## R.E.

We will be looking at festivals and different places of worship

## The Arts

We will explore artwork inspired by the moon, planets and stars and create our own using a range of different media.

We will dance inspired by man walking on the moon

## Science

This half-term we will be learning about our bodies and naming different parts.

We are going to recognise each of the five senses and how we use them.

## History/Geography

We will be looking at who Neil Armstrong was and why he was famous.

We will also be looking at where we live, the countries of the UK and all of their surrounding seas.

## Maths

We will be covering more about number and place value.

We will be practising our counting in 2's, 5' and 10's and we will start to look at simple multiplication.

We will also continue using measure by looking at length and height and capacity.
