

Merry Christmas!

After Christmas, we will be beginning our new 'Heroes and Villains' topic and reading 'How to Train Your Dragon' which will run into the next half term as our new topic will then develop into the 'World of Predators'.

For 'Heroes and Villains' we will be exploring many aspects of the darker and lighter side, researching real life heroes in contrast to the fantasy superheroes. In Science, we will be exploring one of our own human 'powers', concerning light, shadows and the eye.

Dress up day.

On Thursday 11th January 2018, Year 3 will be have a 'dress as a hero or villain day'. This will be an opportunity for the children to dress up as a character from a book, film or real life hero or villain that they know about and would like to dress up as. Throughout the day, we will be doing different activities in Maths and English all to do with this theme.

Our first piece of homework will involve a mystery envelope, containing the name of a real life hero or villain. We are hoping that your child will investigate the person and present their findings in a way in which they can bring back to the class. This mystery will be revealed on the first Monday and they will have a week to complete this.

The usual reading, maths, spelling homework will be given out weekly in their homework books too. As well as encouraging your children to continue to use TT Rockstars.

Miss Chapman and Mr Herbert.
