

Year 3 – Summer 1 and 2

How did the colliery change Maltby?

English

In English this half term, we will be reading *Canary in the Coal Mines* by Madelyn Rosenberg. We will be writing interviews, poetry and newspaper reports, as well as reading newspaper reports regarding Maltby Main Colliery.

Maths

In Maths this half term, we will be delving further into fractions, including adding and subtracting, finding equivalent fractions and fractions of amounts.

Science

In Science this term, we are covering the topic of light and plants. We will undertake different scientific investigations to find answers to our enquiries.

PHSE

We will look at how we can keep ourselves safe.

Geography/History

In Geography, we will be using fieldwork to observe, measure and record some of the human and physical features in the local area using sketch maps and graphs. We will conduct surveys and carry out a simple questionnaire. We will use simple equipment to measure and record. We will be investigating the local area, looking at types of shops, services and houses.
In History, we will be using our skills to determine why Maltby has changed over time. We will be enquiring what causes and effects this had on the area. We will be using Primary and Secondary sources to investigate this period of time.

DT

Linked to our Science learning, Year 3 will be designing and making a piece of reflective clothing.

Computing

Pupils will be creating podcasts about how we can keep ourselves safe online.

RE

Children will continue to learn about Hinduism and different Hindu traditions.

PE

Topics this term
basketball, team building, cricket and rounders.
