100
ACTIVITIES CHALLENGE

Literacy

Here at Rotherham Creative we decided to set a 100 activity challenge for all you families out there at home. Our challenge is full of fun , creative things to do, in and around your home.

I hope you will have a go and see how many you are able to complete in the coming weeks and months. These are a great way to learn new things, develop your skills and also enjoy family time, by doing fun activities together.

Save your list of activities and give them a tick once you have completed them.

Please go to our website www.rotherhamclc.org.uk and click on 'Creative Ideas For Family Learning' to find guides on how to do some of the challenges, and lots of other activities and useful links too.

Please do let us know how it is all going by tweeting or posting pictures of your completed work/tasks.

Good luck everyone with the Rotherham Creative Families @Home 100 activity challenge!
