

Maltby Lilly Hall Academy

Remote Learning Offer

Remote Learning

When your child is mildly ill or self-isolating and has to stay at home, we are keen to ensure they do not miss out on work that is happening in school. We have a remote learning platform called Purple Mash which was used effectively when school was under lockdown and key worker provision was in place. Purple Mash is also used to communicate with children at home and to send and receive homework.

This platform will be used, alongside others outlined in this presentation to make sure that any work done in the classroom is linked specifically to any work done at home and will cover a range of subjects alongside maths, reading and writing skills which are key to our recovery curriculum.

Purple Mash can be found at www.purplemash.com

You will already have a log-in code for your child, please use this to access the platform. Any work awaiting completion will be clear, as will how to submit the work once completed.

If you lose your log-in or have not had one sent to you, please contact school and we will organise a replacement or a new code for you.

The power of remote learning

The resources in this presentation are designed to keep your child up to date with their learning in these unusual times. We realise that not every family has immediate access to technology and therefore can have difficulty accessing the internet and the Purple Mash platform. We do not wish any child to be hindered by this, so please contact school via info@maltbylillyhallacademy.com if you are having any technology issues and we will do our best to resolve them for you.

All remote learning activities will be based around the relevant year group's national curriculum for your child and will be closely linked to what their peers will be accessing in the classroom. We ask that you regularly access the Purple Mash platform to look at what your child has been set and complete the activities as promptly as possible – this helps your child keep up with current learning in school. The following slides give an overview of what remote learning to expect in EYFS, KS1 and KS2 – please view the relevant slide for your child(ren).

We thank you for your co-operation, support and also for your understanding around the current procedures in place.

In Early Years, remote learning provision will be provided through activities on Purple Mash, but will also be substantiated with other sites, examples of which are linked below. We realise it is important to keep your child engaged through play and physical development as well as through core subjects. The emphasis on core skills such as reading will be prioritised and linked closely to our reading and phonics scheme – Read Write Inc. We encourage all children to read on a daily basis at home. Early years staff will ensure communication with you and your child and will tailor other activities according to your child's needs.

Alongside activities on [Purple Mash](#), any work sent home for your child to complete may be linked closely to, but not limited to the following:

- Read Write Inc activities <https://home.oxfordowl.co.uk/reading/reading-schemes-oxford-levels/read-write-inc-phonics-guide/> and <https://www.ruthmiskin.com/en/find-out-more/parents/>
- Stories and nursery rhymes from YouTube and other sites such as www.booktrust.org.uk and on www.oxfordowl.co.uk
- Stories created by teachers in school and uploaded to The Maltby Learning Trust channel on YouTube
- White Rose maths <https://whiterosemaths.com/latest-news/top-tips-for-everyday-maths-at-home/>
- Number blocks <https://www.bbc.co.uk/cbeebies/shows/numberblocks>
- Dough Disco <http://kids1st.net/index.php/d-is-for-dough-disco/>
- Cbeebies www.bbc.co.uk/cbeebies/topics/
- Top marks maths <https://www.topmarks.co.uk/maths-games/5-7-years/counting>

The current year 1 topic is 'Memory Box' – a topic looking at children's past and their future.
The current year 2 topic is 'Pull Up The Drawbridge' – a topic about castles and their history.

Remote learning will incorporate activities which are closely linked to the topics above and prioritise the core skills of reading, writing and maths. Teachers will regularly communicate with your child over Purple Mash if they are absent from school for any issues you may have and to provide relevant and tailored work for them. We strongly recommend a daily read at home of a variety of different texts and that at least an hour of maths activities are completed each day. Particularly, in year 1 there will be regular work set on our reading scheme 'Read Write Inc.' to ensure children who are absent keep up with their peers who are attending school. Alongside activities on [Purple Mash](#), any work sent home for your child to complete may be linked closely to, but not limited to the following:

- Read Write Inc activities <https://home.oxfordowl.co.uk/reading/reading-schemes-oxford-levels/read-write-inc-phonics-guide/> and <https://www.ruthmiskin.com/en/find-out-more/parents/>
- Stories from YouTube and other sites such as www.booktrust.org.uk and on www.oxfordowl.co.uk linked closely to the text your child is reading in school.
- White Rose maths <https://whiterosemaths.com/latest-news/top-tips-for-everyday-maths-at-home/>
- Top marks maths <https://www.topmarks.co.uk/maths-games/5-7-years/counting>
- BBC Bitesize <https://www.bbc.co.uk/bitesize>
- Oxford Owl maths <https://www.home.oxfordowl.co.uk/maths/>
- Various handwriting activities as attachments tailored to your child's need.

The current Y3 topic is 'The Stone Age'
The current Y5 topic is 'Space'

The current Y4 topic is 'Ancient Greece'
The current Y6 topic is 'South America and the Mayans'

Remote learning will incorporate activities which are closely linked to the topics above and prioritise the core skills of reading, writing and maths. Teachers will regularly communicate with your child over Purple Mash if they are absent from school for any issues you may have and to provide relevant and tailored work for them. We strongly recommend that your child reads daily at home and this should consist of different types of texts and that your child has at least an hour of maths activities per day. Alongside activities on [Purple Mash](#), any work sent home for your child to complete may be linked closely to, but not limited to the following:

- White Rose maths <https://whiterosemaths.com/latest-news/top-tips-for-everyday-maths-at-home/>
