

## Maths

We will be focusing mainly on multiplication and division by counting in groups of a certain number and sharing and grouping to divide. This will also entail practising our 3, 4 and 8 times tables.

Alongside developing arithmetic skills, we will be given opportunities to apply our learning into problem solving.

## English

This term we will be reading and studying the classic children's novel *Charlie and the Chocolate Factory*. This story follows young Charlie Bucket, a poor boy who loves all things chocolate. When a once in a lifetime opportunity to visit the factory of the legendary chocolatier Willy Wonka arises, an unforgettable adventure with many powerful messages ensues!

## Art

We will develop many arts skills this half term, including mixing and matching pairs of complementary colours based on colour theory. We will also use pastels to create an illustration from our previous class story - *The Iron Man*.

# The Wonderful World of Food!

## Geography

This term we will be securing our knowledge of the UK and learning about where our favourite foods come from in the country, as well as how the land area in the UK is used.

## D&T

This term we will be learning about preparing different types of meals, designing and deciding on our own delicious dinners with nutrition in mind! We will go through the design process by studying meals we like and discuss their nutritional values.

## Grammar/Punctuation

- \*Adverbial phrases - Time/ place/ manner
- \*Verbs/Adjectives/Adverbs
- \*Synonyms (Thesaurus work)
- \*Sentence openers
- \*possessive apostrophes
- \*Simple sentences and compound sentences.
- \*Persuasive writing features

## Science

This term we will be investigating 'Animals, Including Humans'. We will learn about the different nutrient types that humans need and in what moderation. In addition, we will study different skeleton types and compare their similarities and differences.
