

# Year 1 – Spring 2

## Food, Glorious Food!

### English

In English we will be learning about food from around the world. We will also be building up to a special tea party event! In preparation for this we will be creating invitations and menu's and practising our baking skills to make bread. Yum!

### Maths

In Maths we will be solving simple multiplication and division problems. We will start learning how to count in 2's, 5's and 10's and working out simple fractions. We will also begin learning how to measure using non-standard and standard units.

### Science

In Science we will investigate living things, their life cycles and what they need to grow. We will learn about features of living things and take part in experiments to develop our Scientific knowledge.

### Music

As musicians we will learn about rhythm and pitch and how music can be used for storytelling.

### Geography

As Geographers we will learn about our local area and create labelled maps. We will learn about weather patterns and how they change each season.

### DT

In DT we will prepare ingredients to make bread. We will also look at food packaging designs and create our own considering planet friendly materials!

### Computing

In ICT we will develop our research and word processing skills. We will also learn about staying safe online.

### RE

In RE we will be learning about Christian and Jewish traditions and comparing places of worship.

### PE

In PE we will be developing our Gymnastic skills and taking part in Athletic activities.
