

Year 1 – Spring 1

Dinosaurs

English

We are going to learn about different dinosaurs, putting them into our own version of top trumps. We will read a book called 'Dear Dinosaur' and look at the different ways the characters wrote to each other. We will create our own simple riddles about the different dinosaurs that roamed the land!

Maths

This half-term we are focussing on numbers to 50, specifically counting in 2's and 5's. We will continue working on addition and subtraction and how we can use our number bonds to help.

Science

This half-term we are going to continue looking at plants in our environment. We will be naming specific plants and trees. We will also be learning about which dinosaurs are herbivores, carnivores or omnivores.

Music

We will be looking at changing pitch with our voice and how we can find rhythm in music.

Geography/History

We will be looking at the work of Mary Anning and her discoveries. We will also look at our local environment and what we can see there. We will make plans of the school grounds.

Art/DT

Designing our own 3D moving dinosaur. Creating our own watercolour dinosaur eyes.

Computing

We will continue developing our basic skills of word-processing and typing. We will also look at coding and how the instructions we give a computer directly affects what it does.

RE

What festivals do Jewish people like to celebrate?

PE

Matball, and gymnastics.
