Sound Blending Books

Dear Parents/Carers,

This is your child's reading book. Please share this book with your child at home and encourage your child to say the letter sounds to blend together to make the word. We would ask that you support your child by saying the letters and modelling putting the sounds together to make the word. E.g m-a-t mat. Encourage your child to repeat the word or have a go independently. Your child will be familiar with these words from their daily phonics sessions and this book will be changed each Friday. Please could you ensure that your child brings this book back to school every Friday in the plastic zipped wallet provided.

To ensure the safety of all staff and children books that are brought back into school are placed in quarantine for 72 hours before returning to the bookshelf.

If you have any further questions please speak to the class teacher.

Thank you for your continued support.

Yours faithfully

Miss Pritchard
Reception Teacher & Phonics Leader
