YEAR 4 SCIENCE OF SOUND AND INSTRUMENT MAKING WORKSHOP
Y4 BLUEBIRDS – 17TH MAY 2021
Y4 OWLS – 18TH MAY 2021

Dear Parent / Carer

We are writing to inform you of a fantastic opportunity for Year 4 children to take part in the 'Science of Sound and Instrument Making Workshop'. This will be an exciting part of our learning and should be a wonderful educational experience. The children will be able to take part in scientific experiments in order to investigate how sound is made, what sound can travel through and even create a musical instrument of their own.

Our visitor will be in school during the morning and the afternoon across both days, working with one class per day, allowing them to investigate and learn all about the science of sound. Special considerations will be made for any children who experience sensitivity to sounds.

The total cost for this event is **£9.48** per child, which is payable by ParentPay only, either online through the ParentPay website or at your local PayPoint. In order for us to secure the event, it is important that we receive payment by **Friday, 30th April 2021**.

While we fully appreciate that all contributions are voluntary, we are only able to offer experiences such as this if we receive sufficient support. If you are struggling to pay for the event, please come in and discuss this with us.

We are really looking forward to this experience!

Many thanks for your continued support.

Yours faithfully

Miss Williamson & Miss Lindley
Class Teachers
